GIALLO VENEZIANO
ORIGINAL

CRYSTAL YELLOW

A vertical rectangular sample of Desert Gold granite. The surface is a mix of light tan, beige, and cream colors, heavily speckled with small, dark brown and black mineral inclusions.

DESERT GOLD

A vertical rectangular sample of Kashmir Gold (MA) granite. The color palette is primarily warm, featuring shades of tan, light brown, and beige, with scattered dark brown and black spots.

KASHMIR GOLD (MA)

A vertical rectangular sample of Colonial Gold granite. It shows a light tan to cream-colored base with numerous small, dark brown and black mineral grains distributed throughout.

COLONIAL GOLD

A vertical rectangular sample of Golden Leaf granite. The texture is similar to the others, with a light tan/beige background and dark brown/black speckles, but with slightly more pronounced dark inclusions.

GOLDEN LEAF

A vertical rectangular sample of Giallo California granite. This sample has a more dramatic pattern, with darker brown and black veins and speckles running through a lighter tan background.

GIALLO CALIFORNIA

A vertical rectangular sample of Giallo Fioritto granite. It features a mix of light tan, beige, and cream tones with dark brown and black mineral inclusions.

GIALLO FIORITTO

A vertical rectangular sample of Solaris granite. This sample is characterized by a higher concentration of reddish-orange and rust-colored mineral grains mixed with the light tan and beige base.

SOLARIUS

A vertical rectangular sample of Ouro Brasil granite. It shows a light tan/beige background with dark brown and black speckles, similar to the other samples in the collection.

OURO BRASIL

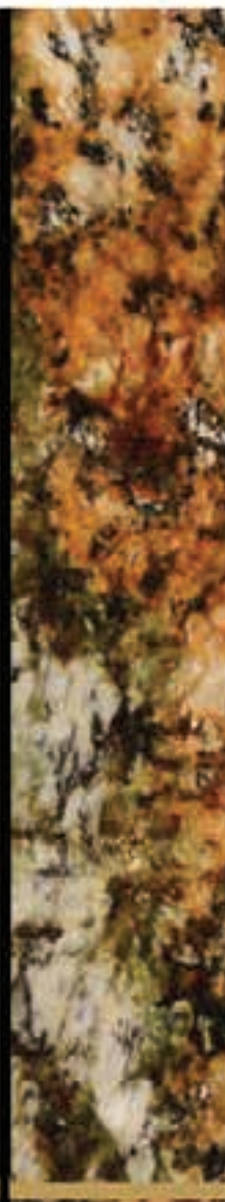

A vertical rectangular sample of Lapidus Classico granite. This sample has a more uniform, light yellowish-tan color with fewer dark inclusions than the others, though some dark spots are still visible.

ROSA PORINO

A vertical rectangular sample of Rosa Porino granite. The surface is a mix of light beige and cream tones, heavily speckled with dark grey and black granules of varying sizes.

YASHI YELLOW

A vertical rectangular sample of Yashi Yellow granite. The surface is a warm, light beige color with a fine, uniform texture and small, dark brown specks.

SHIVA GOLD

A vertical rectangular sample of Shiva Gold granite. The surface is a light cream color with scattered small, dark grey and black specks.

ROSY PINK

A vertical rectangular sample of Rosy Pink granite. The surface is a light pinkish-beige color with a dense pattern of dark grey and black granules.

ROSE WOOD

A vertical rectangular sample of Rose Wood granite. The surface is a warm, light beige color with a fine, uniform texture and small, dark brown specks.

BORDEAUX JUPRANA

A vertical rectangular sample of Bordeaux Juprana granite. The surface is a warm, light beige color with a fine, uniform texture and small, dark brown specks.

RHODIUM

A vertical rectangular sample of Rhodium granite. The surface is a light cream color with scattered small, dark grey and black specks.

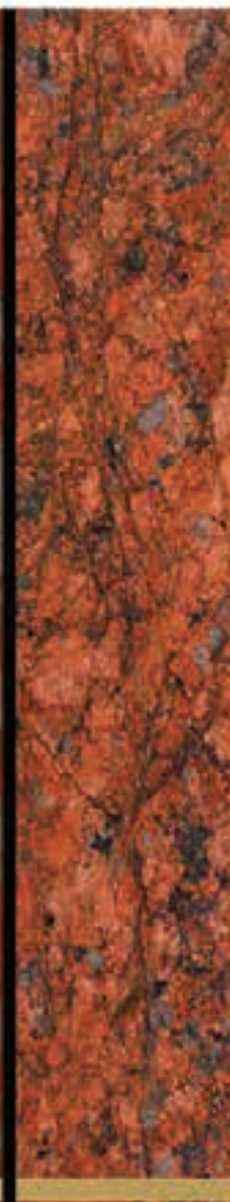

GEM RED

A vertical rectangular sample of Gem Red granite. The surface is a deep red color with a dense pattern of dark grey and black granules.

JHANSI RED

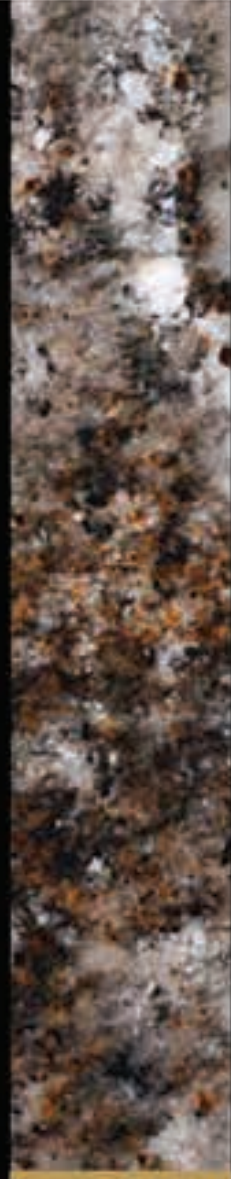

A vertical rectangular sample of Jhansi Red granite. The surface is a deep red color with a dense pattern of dark grey and black granules.
